THE COMING CONVENTION

More Homes Are Needed, Especially for the Ladies

It is a cause of much surprise that the Committee on Entertainment for the Christian Church State Convention is not meeting with the success it deserves, especially in entertainment for the women.

Now, this will not be a very heavy task on the housekeepers, as the Church people are to furnish dinners each day at the Church, and it certainly looks much better to entertain the women in the homes. Who will be first to come forward to offer entertainment for two or more women?

The public has done fine, but it is hoped they will go further. Over three hundred delegates have been assigned homes up to date.

BITTEN BY DOG

Herman Hopper Immediately Had the Wounds Cauterized

A pet dog belonging to F. W. Hawes, the Fifth Ward groceryman, was run over and killed by the streetcars Wednesday.

The dog was playing in front of the store and in his gyrations he ran in front of a moving car. The wheels passing over his body almost severed it in twain.

Herman Hopper, clerk in the store, witnessed the accident and ran out and picked the dog up in his arms, and as he did so the dying animal snapped him several times in the hand, lacerating the flesh severely.

Mr. Hopper immediately sought the aid of Dr. Cooper, who cauterized the wounds.

NEW FAIRGROUNDS

What Has Become of the Project Mentioned Long Ago

Maysville and Mason county are sending large delegations to the Lexington Fair this week, as likewise they do to all other nearby fairs.

It was a sorry day for Maysville when she allowed the magnificent Fairgrounds above the city to go by default for want of interest.

A county with a population of 20,000 inhabitants and an assessed valuation of near \$10,000,000 surely ought to support a Fair Association equal to almost any in the state.

What has become of the project that was in embryo some months ago in regard to organizing a syndicate and converting the old racetrack in Forest avenue into something of the kind?

Will some enterprising citizen fan the dying embers into a flame and revive the subject?

There are enough breeders and stockmen in the city and county, if they will get together, who are capable of carrying the Fair idea to a successful conclusion.

When it comes to high-class horses, mules, cattle, hogs, poultry and products of the soil, old Mason stands up in the front rank with the best of them.

A first-class County Fair, aside from the social feature, is a school that is beneficial both to young and old.

Think it over; give the subject your earnest consideration.

Let's have a Fair of our own and have strangers visit us, instead of going away from home to see how the world is progressing.

For a full line of School Supplies go to Ray's Postoffice Drugstore.

John McKellup and Miss Ethel Sanders were married Wednesday at Vanceburg.

OPERA, MONDAY NIGHT.

The Lexington Herald Wednesday, September 20th says: "The Herald Square Comic Opera Company opened its engagement with a large and appreciative audience at the Opera-house last night. Said Pasha, an Oriental musical comedy, pictorially costumed, proved just the proper thing for comedy and music lovers who were out in full force. The adventures of Heyday and Nockey, two vagabonds in search of a long-lost child to be distinguished by a porous plaster between the shoulders, afforded an almost continual evening of laughter. The music, which is bright and catchy, was exquisitely rendered by a very able cast and a chorus of attractive young girls." At The Washington one night, Monday, September 25th. Seats on sale Saturday morning at Ray's.

Standard Sewing Machines at Gerbrich's.

A conference between citizens of Louisville and Cynthia will be held in Louisville October 3d to take steps to induce the Southern Railway to build into Cynthia.

Bane of Vanceburg was re-elected State Council Secretary for three years, at a salary of \$40 per month. His present term does not expire until next May. At the expiration of his new term he will have served as State Secretary for ten years, which will give him the honors of Past State Councilor, the highest office in the state, the same as if he had filled that office.

Editorial Correspondence.

BALTIMORE, Md., September 19th, 1905.

This city was discovered by Lord Baltimore many years ago, and it has ever since been the home of Lords of lesser degree, of oysters, of uglies, narrow streets and dingy ones,—and the first monument ever erected in this country in honor of GEORGE WASHINGTON.

American Oddfellowship also was born here, and it is the best thing that ever came out of this city.

During the Civil War the people of the

Confederate Capital itself could not have been more loyal to the South, or more bitterly hostile to the Yankees. It was here that the first blood was shed in this section, when, on the 19th day of April, 1861, a mob attacked the Sixth Massachusetts as it was passing through to Washington, and several were killed on each side; and it was here, a few weeks later, that I took the advice of a kind but unknown friend. I had come here as a member of the Second Pennsylvania Reserves, en route to Harper's Ferry. We were encamped on the edge of town, and in the evening some of the "boys" strayed into the city. Unwittingly they got into a section of the Fourth Ward, which was a hot-bed of riot and murder, and, taking me to one side, a rather rough-looking chap whispered, "Partner, if you take a friend's advice you'll get out of here!" I thanked him—and lost no time in taking his advice; and I guess that's why I am here today.

I took a short stroll through the "burnt district," and found many reminders of the big blaze, though there are hundreds of workmen restoring the buildings, many of them more imposing than before.

Baltimore has been classed by many as a beautiful city; but, even with her lack of streets and all her other faults, I wouldn't swap Maysville for the whole darned burg.

THE THIRD TERM BEE.

Louisville Evening Post.

Again the third term lunatics are weighing the President's popularity to see whether it cannot carry him through a third term. The President himself settled all such speculation on the night of his election last November, and the men who believe in the President most strongly believe first in his sincerity. Whatever others may think, President Roosevelt has made up his mind on this question, and it will not change.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow

white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—About two years ago I was a great sufferer from a severe form of double, pain and headache. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BABY'S ECZEMA

Top of Head Covered with
Scales Which Peeled off
Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick
Hair and Clean Scalp.
Cure Permanent.

"My baby was six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. My doctor said it was Eczema, and prescribed an ointment, which did no good. I then tried Cuticura Soap and Ointment. I washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old, and has no trace of Eczema."
MRS. C. W. BURGESS, Iraustan Ave., Bridgeport, Conn., Feb. 21, 1898.

CURE PERMANENT

Mrs. Burgess writes Feb. 28, 1903:

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merits alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly indorsed Doan's Kidney pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says: "I value Doan's Kidney Pills as highly today as I did when I first used them in 1899. I got a box and used it for a pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later, or about a year ago. I again procured Doan's Kidney Pills at J. James Wood & Son's Drugstore and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully re-indorse Doan's Kidney Pills, for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
